

# Hassan Iftikhar

Web & Software Developer

## About Me

I'm a passionate Web & Software Developer who turns ideas into powerful digital realities. With creativity, logic, and determination, I've built and delivered over a hundred successful projects for major companies around the world. I believe every line of code has the power to change the future — and I'm here to create that future.

***🔥 Dream big, code smart, and never stop growing.***
